

Eternity in Men's Heart.

47.

Whereas some people believe in reincarnation and others view suicide as a terminal solution for their pain and problems, **death is not the end of our life but moving from one realm to another.**

Many think within the confines of a chronological sequence but, *“He has made everything beautiful in its time. Also He has put eternity in their hearts, yet so that man can not find out the work that God has done from the beginning even to the end.”* Ecclesiastes 3:11.

Even when a doctor pronounces 'death' over a body, it **does not mean the extinction of life, but of an eternal continuance of our being either in Heaven or Hell. The most important decision we all must make is in the context of time. It all depends upon whether we reject or receive God's provision through the shed blood of His Beloved Son, the Lord Jesus.**

The Bible declares, *“It is appointed unto men once to die, and after this the judgment”* Hebrews 9:27. The Lord Jesus came into this world to pay the price for your sin and mine and offers forgiveness to those who will turn from their sin and receive Him by faith into their life.

We are urged, *“Now is the accepted time; behold, now is the day of salvation”* 2 Corinthians 6:2. Are you willing to receive the Lord Jesus today? He has promised that He will deliver you from 'all condemnation' and make you a totally new person in Him by the power of His Holy Spirit so that you can live with Him throughout eternity. Praise be to God!
